

DR. MOHIT SAXENA

Consultant & Head Of Department (HOD) - Medical Oncology

Qualification

M.B;B.S | M.D.(General Medicine) | D.M. (Medical Oncology)

Overview

Dr. Mohit Saxena is a renowned medical oncologist in Gurugram with over 10 years of experience. After doing his MBBS and MD in General Medicine from S.M.S. Medical College, Jaipur; he has been extensively trained in managing cancer patients at the prestigious G.C.R.I., Ahmedabad. He later moved to Delhi-NCR and worked at various prestigious hospitals to expand his experience in the management of solid and haematological cancers. He is the foremost Cancer Specialist in Gurugram. Dr. Mohit conducts thorough medical histories, and physical examinations, and interprets diagnostic tests to diagnose and stage cancer. He develops individualized treatment plans based on the patient's cancer type, stage, and overall health. Dr. Mohit provides comprehensive information about cancer, treatment options, and prognosis to patients and their families. He is appreciated for his compassionate conduct towards the patients and is known for offering counselling and guidance to patients and their families throughout the cancer journey. Dr. Mohit works closely with other healthcare professionals, including surgeons, radiation oncologists, and nurses, to coordinate patient care. In addition to this, Dr. Mohit is enthusiastic about cancer research and has published numerous papers and research articles in national and international journals. He also actively participates in events that are dedicated to the advancements in the medical field, globally. Dr. Mohit is a renowned medical oncologist in Gurugram, who is known for offering comprehensive and customised care to all patients.
